

# XPoint 48

## With Blue Pill Inside

With XPoint 48 you'll get the perfect large form factor modular desk controller. It can be used as a stand alone unit or paired with one of our other controllers for increased flexibility and control.

The XPoint 48 comes with 48 incredible four-way buttons, all with RGB coloring and 36 customizable OLED graphical displays. There are also 24 multi level LED indicator bars perfect for adding additional tally feedback!

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <https://www.skaarhoj.com/support/device-cores>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.
